

PRODUCT DESCRIPTION

Stunning LED arrangements recreate the splendor of Art Nouveau. The biophilic forms that sparkle in this distinctive structure are made of feather-like handcrafted steel and crystal. These crystal sculptures are evenly lit by a discrete strip of LED light that follows the sculpture's undulating shape, which also adds additional ambient light below. Available in various pendant configurations and a coordinating sconce and finished in your choice of Polished Nickel or French Gold.

*Height from center of outlet to the top of the fixture
