

PRODUCT DESCRIPTION

Symbolic of the hearth and home, the Vesta collection draws inspiration from the Roman goddess represented by the fire of her temple. Large diameters of shallow, inverted vessels disperse indirect light upward scattering softer, ambient light toward the ceiling. Purposeful in design and its applications, a Dim-to-Warm feature is integrated into the LED light engine so that as you adjust a dimmer switch, the light emitted becomes warmer and more relaxing. Highly reflective, polished metal finishes of rich French Gold or cool Polished Chrome elevate the minimalistic forms with vibrancy, while dramatic two-tone options combining "Mat" White or "Mat" Black shades allow for more neutral compositions. Available in pendant, sconce, and table lamp configurations this collection demonstrates Mat Sanders' expertise in creating product and spaces that are both effortlessly sophisticated and pleasantly welcoming.
